To Our Valued Customers:

I would like to thank everyone who ordered our Stanton's South Texas Beef Sticks. Sales have been brisk and we have already had good feed back and reorders from those who have been selling them. If you need any help from us to fill out paperwork in order to sell them in your school we will be happy to do so.

There is a lot of people selling a lot of different things out there for fundraisers, but I really believe in this product. First of all they are a healthy snack made with 100% lean beef which is high in protein, low in fat. Secondly each beef stick is individually wrapped and doesn't require refrigeration which makes them easy to handle on your part. But the best thing about these beef sticks is that they *TASTE GREAT!*

A few weeks ago we went to the Texas Association of Meat Processors Convention at Texas A&M University. We entered our Stanton's South Texas Sweet Volcano Beef Stick in the snack stick competition. This competition features some of the best meat processors from the state. Sweet Volcano won Grand Champion Snack Stick. That just reinforced what I always thought. These beef sticks are the best.

If we can help you get started please let us know.

Sincerely,

Allen J. Stanton

Allen Stanton, Stanton Meats accepting the Grand Champion Snack Stick Award from TAMP President Bill Roegelein of San Antonio Texas
